

ASSESSMENT & VISIT

Assessment:

Once the application has been received, the Admissions Office will contact you to schedule the assessment. The test is administered on campus and there is no additional testing fee.

Visit:

Typically Shadow Days are scheduled upon receipt of Application and all required documents for applicants applying to 3rd grade and above and during the months of October-April. At this time our Shadow Days are on hold. When this status changes, Admissions will look at each applicant case by case to determine if/when we can accommodate a Shadow Day. So, in lieu of our traditional Shadow Day, we would like to offer a personal tour for your student when they come for their Admissions testing. This will allow them to personally ask any questions as well as witness firsthand our amazing MCA community that God has so graciously blessed us with.
